Highlights of the G20 Resource Efficiency Dialogue Workshop – Third Meeting under India’s G20 Presidency

18 September 2023

The third meeting of the G20 Resource Efficiency Dialogue (hereinafter the "RE Dialogue") workshop took place virtually on September 18th, 2023, under the Indian Presidency. The workshop provided a valuable platform for all G20 member countries to actively contribute their insights and inputs for the updation of the G20 RE Dialogue Roadmap and take it towards finalisation to advance the theme of Resource Efficiency and Circular Economy.

The session was chaired by Shri. Naresh Pal Gangwar, Additional Director, Ministry of Environment, Forest and Climate Change (MoEFCC). Firstly, he thanked all the G20 member countries for their strong dedication and active participation in providing inputs during the workshops and through written comments via email, over the past several months. He then laid out the agenda of the workshop and set the stage for a focused discussion on the G20 Resource Efficiency Dialogue Roadmap.

Next, the draft RE Dialogue Roadmap was presented and Dr. Satyendra Kumar, Director at MoEFCC, read the bracketed text of the roadmap line by line to felicitate in-depth discussion on the draft G20 Resource Efficiency Dialogue Roadmap. G20 member countries shared their perspectives, suggestions, and insights, contributing to the further refinement of the roadmap.

The timeframe of the roadmap was finalised to be 2024 – 2028. Few other edits were made to the roadmap with the consensus of all the G20 members. All the bracketed text, except for one paragraph, was accepted. Countries were asked to share further inputs on the paragraph over mail.

In his closing remarks, Chair Shri Naresh Pal Gangwar, Additional Secretary, MoEFCC, summarized the key highlights of the workshop. He acknowledged the valuable contributions of G20 members, invitee countries, and experts. The Chair expressed the commitment of the Presidency to address the inputs and insights gathered during the workshop.
